## Your Signature

A personal fragrance experience for the guests of your hotel.

Guests create a 50 ml Eau de Parfum linked to the place and moment of their stay. They take home a scent that can bring the memory back.

### 01 GUEST MEMORY

A guided, hands-on ritual that extends the stay beyond check-out through a personal fragrance guests can wear.

### 02 BALI CONNECTION

Selected Indonesian aromatic materials introduce the place through scent, with a formula shaped by each guest.

### 03 HOTEL VALUE

A distinctive activity for couples, VIPs and celebrations; a possible ancillary revenue stream and a story to share.

### A PILOT BUILT AROUND YOUR PROPERTY

Proposed 30-60 day pilot, adapted to your guest flow and service standards.

Fragrance Atelier supplies the experience, materials and trained hosts.

Commercial terms, staffing and operating schedule agreed with each hotel.
